### **Australian Stock Market Direction**

The failure of the ASX SP200 to make new all time highs at 6851.5 whilst US stocks are at all time highs is highlighting problems for the Australian economy and may even be the 'canary in the coalmine' for all stocks.

### **Six Game Changers in Six Years**

- 1) Solar costs to drop
- 2) Education costs to drop dramatically as new online education systems compete
- 3) Blockchain based technologies will make a huge impact on decentralizing and revolutionizing the way transactions in banking, finance and law happen.
- 4) Climate change will not be a social or political issue in the minds of the public within 5 years.
- 5) A digital healthcare revolution is commencing now where people will soon be able to monitor their own health and respond as needed.
- 6) The coming global depression lasting 8 to 13 years commencing anytime between now and 2018.

### **Financial Markets Updates**

US Stocks: As per our 3/23 update, US stocks peaked just 5 days later and has since entered a series of lower lows punctuated with short rallies. Its still to early to determine if a major top is in place but we wait and watch.

Gold: Our target of US\$1430-1440 remains in place.

US Dollar: The US\$ has already peaked and begun a consolidation phase that will last many months.

Crude Oil: Oil is continuing its consolidation phase before resuming its down move to our US\$12/barrel target we first determined in 2011.

Interest Rates: US interest rates have the potential to also spike sharply in the near future.

### **The Rise of Modern Eugenics**

One of the most thrilling and terrifying prospects in the 21st century is the ascendancy of medical technology combined with the political ideology of progressivism multiplied by consumer demand.

**Oil Price Predictions**

We anticipate oil prices to consolidate between US\$40.00 to US\$80.00 for the rest of 2015 and potentially into 2016 before the long term downtrend carries prices down towards our target. (More specific consolidation targets to be posted later).

**The Pre-eminence of Scientists**

Just as we have seen the rise and fall of individuals and groups of people, often in a frenzy of social ebullience, so Interstellar may mark a turning point for the acclaim scientists have earned and the hubris our society has bestowed on them.

**Gold Update**

We see potential for prices to recover to between US\$1436, US\$1529 or US\$1622 levels. The nature of the recovery should prove to be choppy, taking between 6 and 22 months to achieve.
